Live for the natural beauty of Viva Linda and celebrate the rare union of natural stone and glass in a harmonious blend of materials. Viva Linda elegantly captures the rhythmical patterns found in both nature and in life itself and achieves the perfect multi-dimensional impact for your project. Both visually and tactually appealing, these colorful, texture blends proclaim your unique style with a smooth, 3D effect.

Features and Benefits

- Viva Linda is available in nine nature-inspired color blends of glass and natural stone
- Features three entrancing sheet-mounted mosaic patterns - 1/2 x 1/2, 1/2 x 3 stacked linear, and a 1/2 x mixed-length linear
- Recommended for interior and exterior wall applications
- In wall applications exposed to regular moisture (such as shower walls) the application of a penetrating sealer (typically two coats depending on the porosity of the stone) is required
- The glass tile is non-absorbent. **DO NOT ALLOW THE SEALER TO DRY ON THE FACE OF THE GLASS PIECES.** Thoroughly remove the sealer from the glass tile portions of the mosaic with a soft, dry cloth.
- Viva Linda is not recommended for use in pools, fountains, or spas that are submerged in water
