Shade & Texture Index

Sensory Details has a Shade variation of V3.

V1	V2	V3	V4	V1 Uniform appearance
				V2 Slight Variation
				V3 Moderate Variation
				V4 Substantial Variation

This porcelain tile product is produced with a V3 variation. While the colors and/or textures present on a single piece of tile will be indicative of the colors and/or textures to be expected on the other tiles, the amount of colors and/or texture on each piece may vary significantly. It is recommended that the range be viewed before selection.

Features and Benefits

The Sensory Details Collection distills the raw beauty of concrete into a refined porcelain form—capturing its authentic character without the weight, porosity, or maintenance of the real thing. Every surface tells a story through the meticulous placement, density, and direction of lifelike aggregates, designed to engage both the eye and the touch.

Available in 12x24 and 24x24 field tiles, as well as 2x4 mosaics and distinctive 2.5" diameter circle mosaics, with matching 4x24 bullnose and 6x12 cove base, Sensory Details delivers total design flexibility.

Recommended Uses

Sensory Details is recommended for interior floors, walls, counter tops and exterior walls in both residential and commercial applications. **If an offset pattern is required for tiles 18 inches or longer, PIXL recommends an offset of not greater than 33%.**

Easy-Clean Surface

This PIXL porcelain tile includes a proprietary surface finish that imparts a subtle glow, enhancing the color of the tile and allowing many stains and scuff marks to be easily wiped off the surface. This extraordinary finish helps keep your living areas looking their best.
